

Rang en waarde van grote getallen

Organisatie

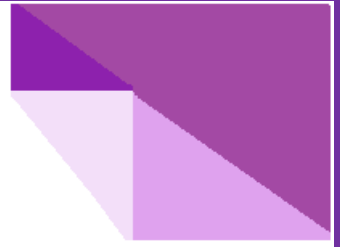

De klas wordt verdeeld in 2 groepen. Ieder kind krijgt een A4-tje met hierop een cijfer. De leerkracht noemt een getal. De kinderen gaan zo snel mogelijk dat getal uitbeelden zodat het voor de leerkracht goed zichtbaar is.

Benodigheden

- Kaartjes met hierop de getallen uitgeprint

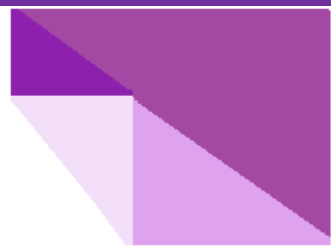

Getalendictee

1. 123.400
2. 45.678
3. 1.795.364
4. 12.579.036.400
5. 879.532
6. 7.984.562
7. 9.043.215.678
8. 764.280
9. 2.367.890.450
10. 26.784.501
